

OFFICE OF NANCY REAGAN

July 21, 2008

Dear Mr. President,

Ambassador Ashe has informed me that the city of Wroclaw has chosen to honor my husband by naming an important traffic center and street in his memory. This recognition means a great deal to me, and I want to express my appreciation.

I have many fond memories of visiting Poland and the thousands of people we saw there who made us feel welcome. It was so important to my husband that the people of Poland would come to enjoy the blessings of freedom and democracy, and he would feel honored and humbled to know that he will be remembered in this way.

Thank you for your personal efforts on behalf of my husband, and please extend my deepest gratitude to the people of Wroclaw.

Sincerely,

Nancy Reagan
